

# Support the bioscience community by sharing your research with FEBS Press!

**FEBS Press** is the publishing platform for the four journals owned by the not-for-profit FEBS. We promote the publication of high-quality journals, edited by scientists.

All net journal income is **reinvested in bioscience**, supporting fellowships, courses, congresses, and other FEBS activities.

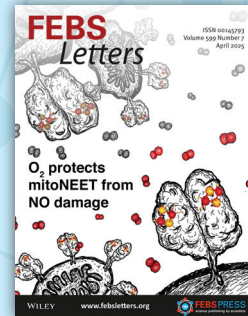

## Publishing with FEBS Press helps support...

### The FEBS Journal

Molecular, cellular, and biochemical life sciences | Publish Free or Open Access\* | Diverse Review formats | Words of Advice
